At last, the definitive biography of David Sylvian is available. This book " which has taken 3 years to complete " tracks the period of Sylvian's solo career from 1982 to 2013.

As well as being one of popular music's most innovative and influential composers, Sylvian is an enigmatic and complex man, and the musical, personal, and spiritual journey he has undertaken over the last three decades is profoundly fascinating.

The book begins as Japan " the band that Sylvian fronted in the late 1970s and early 1980s " broke up. As Sylvian embarked on his solo career, few would have appreciated the extent to which innovation and improvisation would become the central focus of his work.
